

Winter Field Day

[Winter Field Day](#) is this weekend starting on Saturday at 11am PST and ending on Sunday at 11am PST. The full rules are [here](#).

To get club points, we must all use exactly the same club name (spelled exactly the same way) but also not overlap with other clubs that may have similar names (like the other Suncoast Amateur Radio Club in Florida). I suggest we all use: Suncoast ARCS BC

Some Details

The Exchange

The exchange is composed of three pieces of information:

- The class is the number of simultaneous transmitters.
- The category:
 - Indoor: I
 - Outdoor: O
 - Home: H
- The ARRL/RAC section is a two or three-letter code representing your area (we're BC)

For example, I would be 1HBC

Points

The points are:

- 1 point for phone QSO
- 2 points per CW or Digital QSO
- Busted exchanges are penalized by 1 point.
- Duplicates are not counted but not penalized.

Multipliers:

- more than 100W: 1x
- 100W or less: 2x
- QRP: 4x

Bonus Points:

- No commercial power: 1500
- Outdoors: 1500
- Not a home: 1500
- One QSO via satellite: 1500

Modes

The three modes allowed are:

- Phone: PH
- CW: CW
- Digital: DI ¹⁾

Logging

I'll be using my [LibreOffice spreadsheet](#) to log contacts and create the Cabrillo file.

ARRL/RAC Secitons

Area	Code	Section
Ø	CO	Colorado
Ø	IA	Iowa
Ø	KS	Kansas
Ø	MN	Minnesota

Can	SK	Saskatchewan
	DX	DX Stations

1)

FT8 is not allowed because it can't transmit the exchange. But [JS8Call](#) is fine.
